

**Welcome to the International Conference on Global Economic Revolutions: The Era of the Digital Economy:  
“BIG DATA GOVERNANCE AND BUSINESS ANALYTICS FOR SUSTAINABILITY”**

On behalf of the organizers and strategic partners of ICGER 2022, I would like to thank you for attending and bringing your expertise to our prestigious conference. The conference aims to provide a premier platform for discussing a variety of views on a wide range of novel and important topics in the digital era. With the rapid explosion of technological development in the digital era, Industry 5.0 is inevitable; its emergence catalyzed by the COVID-19 pandemic. However, these changes in the economy still require advanced technologies and systems which need to be effectively governed. Accordingly, the ICGER 2022 introduces the theme ‘Big Data Governance and Business Analytics for Sustainability’ as a discussion platform to explore diverse topics within the following four tracks:

- **Big Data Governance & Sustainability**
- **Metaverse & Internet of Things**
- **Business Analytics, Blockchain, & Cybersecurity**
- **Digitalization and Sustainable Technologies**

This prestigious conference is organized by Ahlia University, the Kingdom of Bahrain in cooperation with the Arab Academics and Scientists Union which is affiliated to the League of Arab States. The conference is hosted by the Gulf Educational Center for Arabic Studies in Sharjah University City in cooperation with University of Dubai, United Arab Emirates.

**Best regards**

**Dr. Abdalmuttaleb Al-Sartawi**
